### City Council to Discuss Food Truck Regulations at April 7 Study Session

**Bainbridge Island, Wash.**, (April, 2015) The City Council will take a look at City regulations regarding operating food trucks on Bainbridge Island during the April 7, Regular Study Session.

The desire to revisit the regulations in Bainbridge Island Code Section: 18.09.030.D4- *Mobile Retail Food Establishments*, comes after the City Council received input from the public that food truck regulations were too restrictive because they only allowed food trucks in commercial zones. Additionally, the comment received also criticized the current regulations for not allowing food trucks in City right-of-way, and for not having a process to submit a request to operate a food truck on City owned property, such as Waterfront Park. The current regulations came into effect on January 1, 2012.

During the April 7, Study Session the current rules will be examined and public comment will be accepted. For more information on current regulations, please contact Jennifer Sutton, Special Projects Planner at [jsutton@bainbridgewa.gov](mailto:jsutton@bainbridgewa.gov), or 206.780.3772.
